

DECENT STATIONS FOR POLICE TO BE BUILT AT ONCE

Appropriation of \$2,000,000 for Seven New Buildings Quickly Follows Evening World's Exposure of Present Unsanitary Conditions.

The Evening World scored another victory to-day when the Board of Estimate appropriated \$2,000,000 for the immediate building of seven new police station houses and three Headquarters buildings.

This is the beginning of a general change from the present unsanitary conditions to modern sanitary and decent treatment of the police force and prisoners. For years policemen have been expected to do their work like men and live like animals.

The Evening World three months ago took up for the twentieth time the demand for improvements.

This time the cooperation of Mayor McClellan was secured and, with his order to the Police Commissioner, The Evening World was able to gain access to every part of the old, dilapidated, unsanitary and filthy station houses.

Revelations Were Shocking. The exposure that followed was complete and shocking. Pictures were printed showing conditions as they exist.

The evidence gathered by The Evening World was laid before Dr. Durlington, President of the Board of Health.

MINERS FIRED ON BY STATE FORCE IN STRIKE RIOT

Two Men Killed and Six Wounded at Colliery in Pennsylvania.

INDIANA, Pa., June 8.—The new mining town of Liberty, on the Buffalo, Rochester & Pittsburgh Railroad, five miles from here, was the scene early today of a conflict between a detail of State constabulary and striking

coal miners, in which two strikers were killed and six others wounded.

Shortly after daylight a body of strikers, headed by a brass band, marched from the Avoca mines in Jefferson County to receive one of the mine officials expected from Pittsburgh. On the way to the station, the marchers encountered a detail of twelve members of the State constabulary. As they passed a member of the band fired his revolver at the troops.

No one was struck, but the constabulary immediately retaliated with a volley from their carbines. When the smoke cleared eight strikers were lying on the ground and the others had fled precipitately down the hill. Two of those shot were killed instantly and the six others were seriously wounded. The latter were at once removed to a hospital and the dead were carried to Liberty.

All is now quiet and no more trouble is expected.

On April 1 a strike was inaugurated and the men have been out ever since. Three weeks ago the plant was started for non-strike men, and a detail of State constabulary has been sent to guard the coal company's property.

Achievement about one-half of the regular force of 40 men are at work in the mine.

TOBACCO TRUST OFFICIALS MUST PRODUCE BOOKS

Also Answer Questions or Be Liable for Contempt, Court Holds.

As the result of a Federal Grand Jury presentation today, William E. Hanson, secretary of the MacAndrews & Forbes Company; John S. Young, of the John S. Young Company; of Baltimore, and William H. MacAlister, secretary of the American Tobacco Company, were held before Judge La Crosse in the United States Circuit Court for contempt. The offense consisted in the refusal of the three men to produce certain papers and books and answer questions in connection with the business relations of their respective companies and the American Tobacco Company, the latter corporation being under investigation for an alleged violation of the Interstate Commerce law in the restraint of trade.

Judge La Crosse after reading the Grand Jury's presentation ordered the three men to comply with the orders of the court, and Messrs. Hanson, Young and MacAlister retired to the Grand Jury room presumably to obey. Should they refuse the Grand Jury will immediately ask for their punishment for contempt.

Reform Finally Achieved. All this was done within six weeks after the appearance in The Evening World of the first story exposing conditions as they exist.

Commissioner Bingham has requested that \$1,800,000 be appropriated for an entire reconstruction of the whole system of housing the force, and the \$2,000,000 appropriated to-day is the first toward carrying out this comprehensive plan.

Although a reasonable time will be allowed them to produce the books and papers asked for, counsel representing the three men may make an effort to appeal the matter to the United States Supreme Court in Washington. Special Attorney-General Henry W. Taft will oppose any such effort upon the ground that the same questions involved were raised in the case of Edwin F. Hale, former secretary of the MacAndrews & Forbes Company, who declined to answer similar interrogations and produce books and papers of the company several months ago. An appeal to Washington was taken which resulted in his having to produce the books and data demanded.

The Grand Jury has for several months been investigating the Tobacco Trust.

CASSATT NOW FIRES
AIKEN WHO TOOK GRAFT.

PHILADELPHIA, June 8.—Joseph K. Aiken, chief clerk to the superintendent of the Monongahela division of the Pennsylvania Railroad, was dismissed to-day by direction of President Cassatt.

In his testimony yesterday before the Interstate Commerce Commission Aiken said that while his salary had averaged between \$22 and \$24 per month he owned nearly \$75,000 worth of coal stock. He admitted owning stock in coal, iron and copper companies and also gifts from company stores.

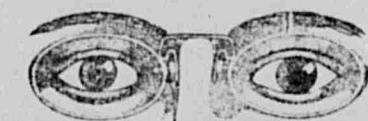

HIS SKULL BROKEN IN BELLEVUE WARD

An autopsy will be held to-night to determine the true cause of death of Robert J. Moore in the Psychopathic Ward of Bellevue Hospital. The death report says that he died to-day from a possible fracture of the skull. When he was admitted to the Psychopathic Ward three days ago he was in perfect physical condition, and his mother and widow are desirous of learning how he came to get his skull fractured while under the care of competent and skilled doctors and nurses accustomed to looking after the insane.

Moore lived at No. 1909 Amsterdam avenue. He was a hard drinker for many years. Three years ago he fell and sustained an injury to his brain that left him an epileptic. Notwithstanding his mental trouble he was physically in good shape.

A few days ago he developed a hallucination that he was Gulliver and was being pursued by myriads of Lilliputians. He developed a habit of getting up in the middle of the night and turning on the gas without lighting it. Fearing that he would asphyxiate them his mother and wife had him removed to Washington Heights Hospital on June 4. He was sent to Bellevue the next day.

The news of his death conveyed to the two women of his family was a tremendous shock to them to-day. As soon as they learned that he was believed to have a fractured skull they demanded an autopsy, and a coroner's physician was detailed to hold one as soon as possible. No information concerning Moore's case is available at the psychopathic ward at this time.

TAKING CHANCES WITH CLASSES

fitted "over a counter" in a dry goods or jewelry store is positive RECKLESSNESS. Take a "chance" on the fit of a hat or a shoe, and lose your money; but in getting glasses you are risking your eyesight. Here your eyes are examined according to the most accurate and scientific methods, in a specially equipped Eye-Testing room, under the supervision of a physician and oculist—not a salesman or a clerk.

Eye-glasses fitted with the Harris Section Clip.....\$1.00 up

Lambert Jewelry for Graduates.

This is the month of graduates as well as of weddings and roses. School days are ending, and the time for rest and reward is near. That the rewards should take the form of fine gold jewelry and precious stones is an evidence of taste as well as affection on the part of parents and friends.

That these gifts should be obtained at the Lambert Store is the natural result of a system that produces the most varied, modish and tasteful articles of jewelry at the lowest possible prices. We want all of you—and all of those who are interested in the bright boys and girls to be graduated this year—to come to the store and see how far a modest sum will go in procuring gifts to be treasured by the recipient as long as the bright memory of school-days shall endure, and to be an honor to the giver as well.

We have everything you can think of in jewelry, and the Lambert Guarantee of quality goes with every sale.

Diamond Rings for Graduates.

All diamonds imported direct; hence the remarkably low prices. All mountings hand made in the Lambert factory.

Splendid assortment, suitable for Graduation or Engagements. We describe a few. There are hundreds of others.

Wedding Gifts.

Speaking of weddings, we suggest that we have just what is wanted for gifts to bridesmaids and ushers, as well as an assortment

of useful and beautiful presents—Sterling Silver, Silver Plate, Clocks, etc.—with which wedding guests testify their good-will.

Watches for Graduates.

Next to learning the value of time, one of the most important things is to have the correct time. The rule is simple as A, B, C: Carry a Lambert Watch. All Lambert Watches are fully guaranteed both as to case and movement. We have especially fine watches

for Graduation gifts, our stock including reliable watches for boys, men and women.

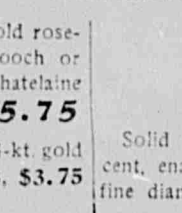

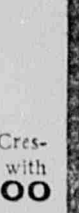

When you look at watches please ask to see our solid gold vest and fob chain and chatelaine pins.

Solid Gold Bracelets for Graduates.

The prevailing fashion of short sleeves and long gloves has created an unusual demand for bracelets. Our assortment is the largest in the city and includes many novel effects not shown elsewhere.

Class Pins and Class Rings for Graduates.

From the same schools we get orders year after year for class rings and class pins. And new schools are added to the list every June. Our young friends like our designs, our promptness and care in filling orders and our moderate prices. We reproduce class colors faithfully, and we supply any emblem desired.

Please order early, so that we may execute orders with proper care and make prompt deliveries.

COOL-SHOE COMFORT In Regal Oxfords

You who have been paying \$6 a pair for your Summer shoes: It ought to interest you to know that there isn't a six-dollar Oxford shoe in New York or anywhere else on earth that can lay claim to *all* the worth that's worked into the Regal Oxford.

It ought to interest you to know that Regal Oxfords are shaped over special ankle-fitting Oxford lasts, and that they hug the heel without slipping or chafing and that they fit the ankle snugly without gaping.

It ought to interest you to know that Regal Oxfords are graded down to *quarter sizes*—and that no other shoe at any price offers you that close choice of fittings.

We *prove* the quality of the materials that go into Regals—and *guarantee* it as well; that ought to interest you, too.
